

Do Your Toes Stay Clean?

(sung to "Do Your Ears Hang Low?")

Do your toes stay clean?
Do you soap them in between?
Do you scrub your ears
So no dirt appears?
Do you wash each hand
After playing in the sand?
That is good hygiene!

As you know, hygiene
Means keeping very clean,
Getting germs off quick
So you don't get sick.
Taking baths or showers
So you'll be clean for hours.
That is good hygiene!

Do you wash your hair,
Shampooing everywhere?
Do you scrub your feet
So they smell so sweet?
Do you brush your teeth
To clean off the food you eat?
That is good hygiene!
