

# People Hunt

In the first row, fill in the answers for yourself.

Then, when you are told to begin, find another person in the classroom and ask a question. If you get a match, sign each other's sheets. If you get a no, the other person asks you a question asking for a match. Continue asking questions until you find a match. Then find a new person to ask. Try to get all your boxes filled in.

	<u><b>Self</b></u> Write your answer here.	<u><b>Friend</b></u> If your friend's answer matches yours, have them sign here.
