

Just Use a Map!

(sung to "Did You Ever See a Lassie?")

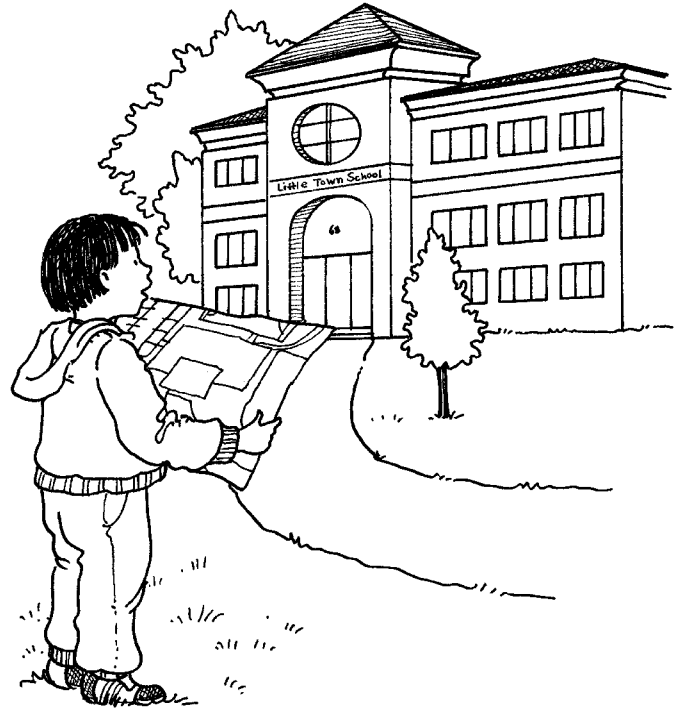

CHORUS:

If you ever need directions,
Directions, directions,
If you ever need directions,
Then just use a map.

It's helpful for knowing
The way to be going.
If you ever need directions,
Then just use a map!

CHORUS

It's useful for learning
Which way to be turning.
If you ever need directions,
Then just use a map!

CHORUS

The east way or west way,
A map shows the best way!
If you ever need directions,
Then just use a map!

CHORUS

For neighborhood biking,
Or when you're out hiking,
If you ever need directions,
Then just use a map!
